RABINO PRINCIPAL

To whom it mat concern

I'm, who undersigned, R. Jacob Ben Asher Carciente, Rabbi of Barcelona, Spain, confirmed that wine **Alate** produced in winery:
Bodegas Fernandez De Arcaya, located Navarra, España.
Stand under our persevering supervision from the time of grape harvest until the time of the importing. The bottle of the wine is tightly closed by machines. And theres no hand touch from the begging until the end of the production. This is the choicest of the choice.
Wine **Alate**, it is a young wine that was taken from selection of tempranillo grapes. Those were gathering in a machine and fermented in an untrusting steel tank.
All the activities of the production were made under supervision of the principal Rabbi of the Jewish Community of Barcelona.
The wine color is strong red, And his aromas smells fruits and fresh in the Kosher for Pesach 2004. With out hay of Orla, Tevel, Shevieat.
This wine as wine, that didn't cook.
And in this day I signed for pesach 2004, as our days of outgoing from Egypt and we have shown miracles.

With honor,
And in the name of the Torah and her trainers
R. Jakob Ben Asher Carciente
